

A Bird's Eye View!

Welcome to Oxford Island National Nature Reserve

This great location on the southern shore of Lough Neagh offers lots to see and do for families, bird watchers, walkers, sports enthusiasts and those who just want to get outside and enjoy the natural environment. Every season brings something different to see at Oxford Island - wintering wildfowl, spring wildflowers, summer butterflies and mixed woodland.

Lough Neagh Discovery Centre

The perfect place to start your visit. Tourist and local information, café, toilets, local history and conservation exhibitions, growing area and conference facilities.
